Reconnective Healing

Level I: Unique in its content, this seminar is essential for both the novice as well as the advanced practitioner. As a newcomer, you will discover how to immediately access these new frequencies of healing. As an advanced healer, you will find that "elusive jump" that will make *all* the difference in your work. Your hands will be attuned to accept these new frequencies of healing. You will make the shift to carry and accommodate this all-inclusive spectrum of **energy, light** and **information**. And you will work with these highly palpable energies under direct guidance of Eric and or The Reconnection Teaching Team. And people will respond to them, physically – and *visibly* – starting on your very first day as you guide them into healing realms beyond those previously accessible by anyone, anywhere. *This is different than Reiki, Johrei, Qi Gong... or any healing technique you've ever encountered. This is beyond technique!*

Level II: During this seminar, you will permanently establish a powerful connection with the source of these healings. Subtle energy becomes obvious, easily accessible – anything *but* subtle. Eric and or The Reconnection Teaching Team will work with you to bring forth these newly cultivated energies and focus them to heal others. You will also review **self-healing, distance healing**, and some elective **hands-on** positioning.

The Reconnection

Level III: Originally the meridian lines (sometimes called *acupuncture* lines) on our bodies were connected to the grid lines that encircle the planet and intersect at acknowledged power places such as Machu Picchu and Sedona. These lines continued out and connected us to a vastly larger grid, tying us to the entire universe.

Each of our bodies contains its own set of energetic lines and points. Although only remnants of what they once were, these lines and points continue to serve as our interface with the universe: a channel that facilitates our communication of **energy, light** and **information** between large and small, macrocosm and microcosm, the universe and humankind. At one point in time, we became disconnected from these lines and we lost the fullness of our inherent connection to the universe, distancing us from our previously rapid and expansive rate of evolution. **The Reconnection** brings in "new" *axiatonal* lines that reconnect us on a more powerful and evolved level than ever before. These lines are part of a timeless network of intelligence, a parallel-dimensional system that draws the basic energy for the renewal functions of the human body.

This course will teach you how to bring in and activate these new lines, allowing for the exchange – beyond energy – of **light** and **information**, the reconnection of DNA strands and the reintegration of "strings" (simultaneous – or *parallel* – planes of existence).
